Dear Sir

You will remember that some time ago you received by Mr. G. A. Gerry some plants or seeds coming from Dr. Engelmann, St. Louis Mo. By a certain Dr. Bris I was entrusted with the forwarding of this and many other things — but especially I was told that your residence and that of Mr. Gerry was not here — that you were on a friendly tour through the States.

Now, besides the seeds there is in my possession a box with

visited from Texas. The clerk
of Mr Yeux left it there
and I found him not in the
street, when I hurried out
of doors to meet him.
This box has no signature, only
as much as I remember about
the letters — it is (or yours
or Mr Yeux's. I cannot find
it, as I am not acquainted
with the residence of Mr Yeux
to him, and that is the reason
I beg you to look for it.
I am home till 9 o'clock every
morning, and I beg you to prefer
this time, that there happens

not another mistake.

Your obdt. Serv.

Charles W. Grave M. D.
